

Hello.

It was great to meet you the other day, I just wish it were due to different circumstances. Thank you for your time and your consideration. At the bottom of this message you will find a list of the members on the Committee of Finance. To reach out to each and every member of this committee, asking them to Co SPONSOR Nino's Act, Senate Bill # 2629 is the goal. The ideal plan is to have constituents from each state of which a member represents contacted, reference Nino's Act and ask for their support. Your organization has the ability to reach out to members across the country.

Please visit our website www.ninoact.org for further information, or contact me at 717-386-1744 with any questions or concerns. I am very interested in speaking at the Conference in Sept. Please confirm the dates when you have a chance.

Once again, many thanks for your time. thank you for the willingness and the kindness of helping spread the word. Our children are the future-they deserve people speaking out on their behalf.

Take good care and I look forward to hearing from you soon.

Fondly,
Lori Todaro
